## FROM OUR PRESIDENT GAIL STACY

Well, the puppy happened; the trip to Alaska did not. Our cutie, Mindy, came home with us only 3 weeks before we should have left for Alaska. We decided that the trip to Alaska and changing the living environment so soon could be pretty traumatic for our new baby. We were also concerned that she would be exposed to lots of different RV parks, with all the potential diseases left by dogs or wild animals, for 4 weeks before we'd be able to get her last set of shots. It was just not worth the risk.

So, instead, we waited until the middle of July and then took a 3 week trip up to Washington to escape our Vegas heat for a while. We had a great time visiting with the Kelleys, Renee Perault/Gary Arnold, and my son. Almost as great was touring around Leavenworth, Seattle, Bainbridge and Sequim (at the north shore of the Olympic Peninsula). Mindy traveled very well, especially for a 4 ½ month old puppy. She just loved all of the adventures and new smells. I think she's bored now that we're back home.

As I write this, we are close to leaving for the Bayfield rally. We love that southwest corner of Colorado, so are really looking forward to our week there.

This will be my last rally as your president, and this will likely be my last article as your president. Since we won't have another rally this year, we will be presented with a new slate of officers in Bayfield. If there is, as usual, only one candidate per office, we will accept that slate of officers by acclamation at the rally. I think we will have time to put the names of your new officers in this newsletter. If not, I will send an email to all of you.

I'd like to take this opportunity to thank all of the people that have helped me over these 6 years as officers of our club, as well as those who served on the nominating committees. You all have been wonderful, and so supportive. It's been great, but it is time for new ideas and new energy. I'd also like to thank my husband, John, for his support throughout all of these years.

Barring any unforeseen circumstances, I plan to coordinate a caravan into the Indio rally again in January, so watch for an announcement.

We have a great club with just the BEST people! I love you all! We will see you around the next corner, hopefully at several rallies next year.  
I want to also thank everyone in our

to spread the word about our wonderful chapter to any and all Alpines you come across. We gladly welcome them all!

**FROM OUR 1<sup>st</sup> V.P. MEMBERSHIP  
DIRECTOR MARY LANGORD**

**Club Officers for 2014/2015**

There is not too much change in SoCal's governing Board for 2014/2015, and I am grateful that there will be good continuity, while hopefully bringing new ideas and energy to our club. The officers for 2014/2015 are:

Voting Board Members

President: Joe Darling  
First VP/Membership Director: Mary Langord  
Second VP/Rally Director: OPEN  
Treasurer: Rick Fisher  
Secretary: Michele (Mike) Collins  
FMCA National Director: Carolyn Swan  
FMCA Alt National Director: Joel Langord

Non-Voting Board Members

Newsletter Editor: Marcia Morrell  
Web Master: Dave Fernandez

As you can see, even though our Nominating Committee worked hard at their arm twisting, they were unable to fill the position of Rally Director. Fortunately, our rally schedule is full for most of 2014, but you all know we have to keep about 12 months ahead of the game if we are to book good places for rallies. Until someone is willing to step into this very important role, we'll start by trying to find 3 or 4 people who will work as a committee to continue to find hosts for rallies. Without this role being filled, and no new rallies being scheduled, we will cease to have a reason to exist. So, please consider helping as part of this new rally committee. Contact Bill Figge if you have interest.

Our Nominating Committee members have my sincere thanks for ensuring that we continue to have good leadership for SoCal. Thank you Bill Figge, Sandy Johnson, Helena Mazzocco and Dave Guhse!!!

Gail Stacy  
Alpine SoCal President

Our final day at the Bayfield Rally and rain has interrupted the days' activities. Thus, it is a good time for me to do my report on the Alpine SoCal membership.

I am extremely pleased to welcome our newest members, **JIM & SHERRILL HAXBY** of Scottsdale, AZ. Their addition to our roster takes our membership total to 68 members.

As a Chapter, I personally believe that we have a solid membership base. We've lost several members who have chosen to sell their coaches, but we hope to attract the second generation of owners who purchase their great Alpines. Continue to spread the word about our wonderful chapter to any and all Alpines you come across. We gladly welcome them all!

I want to also thank everyone in our club for all of their support and willing helpfulness. I'm sure that our active rally schedules, our fun-ways, and everyone's helping hands, always with a smile, are big factors in keeping our club's membership growing!

Fellow Alpiners:

As membership chair, it's my privilege to keep on file and organize pictures of all of our members. As I'm sure you know, some of the pictures on file were taken several years ago. Since our Chapter is over ten years old now, that may be the age of some of the photos I have.

Some of you have asked if you could send a more current photo. My answer is "YES...Please send me updated photos". You can email me a .jpg file at any time and I will add it to the current photo directory.

It is my hope that we will soon be able to publish the photo directory on our website and/or I will email a copy of the directory to each of our members. Either way, it would be nice to have current photos. Go through your albums or pull out your cameras and zap me a new picture. As always, my email address is [marylangord@mac.com](mailto:marylangord@mac.com).

Another reminder! We have an **Alpine Owners Club** site on Facebook. This site is classified as "Secret" and only members see the group, who's in it, and what members post. It's a convenient site to stay in touch with your Alpine friends without making your posts available to the general public. If you would be interested in joining this group, please let me know via email, OR befriend me on Facebook and let me know of your interest. I'm the one who set up the group, and I act as the administrator. I frequently check the level of security that Facebook offers and we have the highest "secret" classification available.

It's important to remember though that you need to post directly to the Alpine site for it to be seen by its members and allow your posting to have the secret classification. Your regular Facebook postings do not automatically go to the Alpine Owners Club.

I know from experience how fun it is to enjoy your friends' travel adventures. We currently have 43 members. I would love to add YOU to our group.

**FROM OUR 2nd V.P. RALLY  
DIRECTOR STEPHANIE ARCHER**

As you read this Jim, Zooney and I will be exploring New England. We plan to stay for as much of the fall color as we can before heading home to attend the NASCAR races in Phoenix during the second weekend in November. This will be our longest time in the motor home (11 weeks). We're looking forward to the adventure.

Before I discuss the rallies that are scheduled for 2014, I'd like to thank everyone who attended our weeklong rally in Bayfield, CO. Sixteen coaches were at the rally. Fourteen were from our club. ACA members Dick & Peggy Bouchard joined us from Detroit, MI and J.R. & Carmen Guinn joined us from El Paso, TX. Everyone contributed suggestions of places to eat and things to do. Big THANK YOUs go to Bob & Connie Bowers who were our co-wagon masters; Jim & Stephanie McCain who provided the initial plans for the rally and who did all of the legwork in Bayfield and Durango prior to the rally; Dave Shannon and his neighbor Don who took five jeeps on an all day jeep run through the mountain passes above Silverton; J.R. & Carmen Guinn who shared ideas of things to do and places to see as well as led a jeep run over mountain passes to Telluride; Joy & Mack Coker who own Bayfield Riverside RV park – the RV park is beautiful and the surprise fireworks show was spectacular!

I'm happy to say we almost have a full schedule of rallies for 2014. We need wagon masters to host a late October/early November rally to complete the 2014 rally schedule. Please contact me if you are interested.

February 14 – 17, 2014, Joel & Mary Langord are hosting a rally at the Rodeo Grounds in Lake Havasu City, AZ, during the 25<sup>th</sup> annual "Winter Blast" fireworks show put on by the Western Pyrotechnic Association. A group of us attended this event in February. We enjoyed it enough to want to do it again. For further details, please read the rally flyer in this issue of the newsletter. The rally registration form is posted on our Alpine SoCal website ([www.alpinesocal.com](http://www.alpinesocal.com)) and the ACA website ([www.alpinecoachassociation.com](http://www.alpinecoachassociation.com)).

April 4 – 7, 2014, Mac & Anne McDougal and Sandy & Debi Johnson are hosting a rally at Golden Shores RV Resort ([www.goldenshoresrv.com](http://www.goldenshoresrv.com)) in Long Beach, CA. This RV resort is located within walking distance of the Aquarium of the Pacific and many great restaurants; near the boat launch for trips to Catalina Island; within easy driving distance to Ports O'Call Village, the Queen Mary, the Scorpion Russian submarine and the USS Iowa battleship. Rally registration forms will be sent out in November. For further details, please read Ann McDougal's article in this issue of the newsletter.

Our weeklong rally in 2014 will be held at the Napa Valley Expo RV Park ([www.napavalleyexpo.com/f-rvs.html](http://www.napavalleyexpo.com/f-rvs.html)) in Napa, CA from May 21 – 28. This location is a great place from which to visit Napa and Sonoma wineries,

San Francisco (rather than drive, ride a ferry from Vallejo to SF), Oakland and Sacramento. Bill & Patti Figge and Phil & Trudy Binley are hosting this rally.

September 26 – 30, 2014, Mike & Mike Collins and Jerry & Toni Smith are hosting a four day rally at Pismo Coast Village RV Park ([www.pismo.coast.village.com](http://www.pismo.coast.village.com)) in Pismo Beach, CA. This RV resort sits right on the beach. Sand dunes, golf courses and wineries are nearby.

I hope to see you at one or more of these rallies. Registration forms will be emailed to you at least two months prior to each rally date and will be posted on both our Alpine SoCal website and the ACA website. Sign up early to be sure you have a spot reserved.

### FMCA NEWS FROM CAROLYN SWAN OUR FMCA NATIONAL DIRECTOR

#### FMCA NEWS

Well, since we haven't had a Newsletter since the FMCA Convention in Gillette WY in June, I will give you a brief Capsule of what happened there. First of all let me say that the vast majority of you missed a GREAT Rally. I am pleased to report that there were 9 SoCal Alpines at the ACA Pre-Rally in Buffalo WY and in Gillette. At the Complex in Gillette, we had prime electric spots and were surprised to discover we all had full hook ups!

The official coach count for Gillette was 2,639. The most we have had since the economic downturn! Gillette was a great location for a summer rally, although the early summer slot meant we had more inclement weather (it rained the last 2 days) and we had plenty of thunderstorms late in the day (Friday afternoon we got as close to a tornado as I ever care to come), but the mild temperatures were great!!!

The Governing Board elected a new President & Vice-President, Charlie Adcock & John Walker who ran as the "A & W Team". Family Memberships are going up (800 new members each month) and even though we are still experiencing a loss over all, this last month it almost broke even with only about 10 losses. This Convention actually finished in the black and we seem to have stopped the financial hemorrhaging with very astute budgeting.

Let me refresh your memory regarding some of the **FMCA Benefits** offered to the Members:

- 1) The Family Motor Coaching Magazine is now offered in Digital format at - <http://www.fmcmagazine.com/fmc-magazine-ap>
- 2) FMCA Campground discounts -682 campgrounds giving 10% discount to members
- 3) Michelin Advantage tire discount continues to be a great reward for members - look on the FMCA website for protocol for getting the discount.
- 4) INSURANCE - is about \$8 month for FMC Assist - go to FMCA.Seven Corners.com to sign up
- 5) FMCA Rewards Accident Insurance Plan - find Benefit information at <http://www.fmca.com/join-family-motor-coach-association/member-benefits/3237-fmca-rewards-accident-insurance-plan>
- 6) Office Depot discount & free ship over \$50 - go to FMCA for link to save up to 80% off web pricing.
- 7) COSTCO discount w special coupons worth \$50 & free things when sign up for card for first time - see FMCA.com website.
- 8) GROW recruitment rewards - Walmart gift cards for getting 5 & 10 new members recruited
- 9) Motorhome Custom Trip routing. - go to FMCA website -

[http://www.fmca.com/images/stories/pdf/trip\\_routing.pdf](http://www.fmca.com/images/stories/pdf/trip_routing.pdf)

Lastly, here are the future Convention sites for the next 2 years:

**January 8-12, 2014** Western Rally in Indio. Gail Stacey will again be leading the group of Alpines into the Fairgrounds Tue the 7<sup>th</sup> for Electric Parking. We will again be volunteering as Monitors for Seminars and Workshops, so email Gail and tell her you would like to help. Registration before Dec 20, 2013 is \$210 for electric & 4 nights camping.

**March 17-20, 2014** is the FMCA Winter Convention in Perry Georgia Register before Jan 27, 2014 and Camping & Electric will be \$340. ACA is planning a Pre-Rally at Fort Lewis.

**August 13-16, 2014** FMCA 90th Family Reunion in Redmond OR

**March 2015** the Winter Convention is planned for Pomona CA

**August 2015** the Family Reunion is to be held in Madison WI.

As you plan your future travels, keep these FMCA dates in mind and try to work attending a Convention into your

itinerary! You will be glad you did because they are a lot of fun and broaden your horizons!

God bless, have fun, safe travels wherever you go and stay healthy!

**Carolyn Swan**

#### TRAVEL AND RALLY NEWS

#### LINDA GIDDENS ON ALASKA TRIP

Our Alaska adventure has come to an end as we arrived home yesterday around 2 pm. We left home on May 13th, so we were gone a total of four months and three and a half days. We drove, or I should say Jack drove 7793 miles, I maybe drove 100 of those. 2159 of those were driven in Alaska. We traveled 1425 nautical miles on the ferry systems. As we have been getting closer to home, I have

been thinking of all the places we visited, all the beautiful snow covered mountains, the huge salmon and halibut our guys caught, the landing on the glacier, and the many glaciers we saw, the boat tours, the bear hunts and viewing, a little too close sometimes, getting to see the hundreds of fishing boats right in front of our rvs bringing in their catch in Valdez, what an awesome sight...

I've also been thinking of how we survived the bumpy highways, the road construction, the tons of dust on the rv and jeep, how many times our guys washed them to just have them covered again the next time we got on the road, but we survived it, and we would not trade it for anything. In spite of our major rv breakdown, we now are glad it happened, if it was going to happen, where it did. We were getting towards the end of the Alaska portion of the trip, and Haines couldn't have been a better place to spend two weeks. To me it was the most beautiful place we visited. We of course had not planned to take the ferry system back, but so glad we got to experience that too...I guess we can say, " we did it all."

Thank you to all that followed us on the journey, loved your comments and knowing you were near through the internet, what would we do without it? Thank you too, to our daughter for taking on the task of getting four months of mail and watching over our house, I know that isn't an easy job. In the end, I wasn't sure if I would be glad to be home, but now that we are here, yes, there is nothing like Home sweet home.

#### FROM ANNE MC DOUGAL

#### Rally at Golden Shores RV Park in Long Beach, CA April 4, 5 and 6th - depart Monday the 7th

Come back to Long Beach or visit for the first time. The lovely, but small RV Park is located within walking distance of the famous Aquarium of the Pacific and the Catalina Express for a day trip to Catalina Island. A short walk beyond leads to beautiful vistas, shops and restaurants.

Visit historic Rancho Los Alamitos where a tour of the home and gardens are free. April is "Garden Month" and their gardens are fabulous.

We will take a gondola ride through the canals of Naples and enjoy a pizza supper as we glide past the sights. The evening will end back at the park with an ice cream social.

Registration forms will be out in early November. We are limited to 16 motor coaches, so we will first take SoCal members by registration date.

Wagon Masters:

Mac & Anne McDougal, [mcdanne2@gmail.com](mailto:mcdanne2@gmail.com) 619-469-8725

Sandy & Debi Johnson, [firecapt98@hotmail.com](mailto:firecapt98@hotmail.com), 805-583-4315

#### FROM BOB BOWERS

#### Alpine SoCal 2013 Bayfield Rally

This year's Alpine SoCal weeklong rally was held in Bayfield, Colorado about 20 – miles east of Durango, Colorado. The selected park was the Bayfield Riverside RV Park right along highway 160. The park is nicely wooded with a river running through it and a "catch & release" pond.

Each day included a social hour in the gathering tent followed by several dinner arrangements. There were 3 – catered dinners including Mexican fajitas, turkey dinner with all the traditional fixin's, and BBQ pulled pork/beef brisket with traditional accompaniments. The park provided a large gas BBQ grill so we held 2 – BYOM (bring your own meat) dinners with an extra dish for sharing. Yummy! The opportunities for sightseeing were plentiful. Some folks organized a Jeep run through the beautiful mountain terrain prevalent throughout the San Juan mountain area. The Vallecito Lake area contains the Tour of Carvings

which are trees artistically carved to memorialize those that participated in Mission Ridge Fire of 2002 that burned 70 – acres of timber. Many folks rode the Durango & Silverton Narrow Gauge Railroad to Silverton for lunch and a narrated bus return ride through the mountains (much of the scenery was breath taking). Many of us visited the Mesa Verde National Park where dozens of Native American cliff dwellings are being preserved and protected. The old town Durango is historically preserved (like the Strater Hotel) and houses the Train Museum in support of the Durango & Silverton Narrow Gauge Railroad. Some ladies took a “Quilting Excursion” led by Stephanie McCain to visit the many unique quilt stores throughout the area. There were so many activities available and too many to include in this review. You’ll just have to visit the area yourself!

Jim & Stephanie Archer did a wonderful job as wagon masters in planning out this weeklong rally. Special thanks goes to Jim & Stephanie McCain who live in the area and provided tons of valuable information. The only downside was the deluge of rain on the last day which prevented some final sightseeing. Oh well, I guess we’ll just have to go back!

If you’re interested in viewing all of my Bayfield Rally pictures & narrations please go to my blog at <http://www.bobconniealice.blogspot.com/>.

PLEASE VISIT BOB’S BLOG AND VIEW **MORE** PICTURES FROM THE RALLY.

**FROM DONNA HAMBARIAN**

Adventures of a Novice Jeeper

It's Almost 8 AM... Think I need more coffee.... Eight vehicles are all lined up and ready to go. "Maxine" Our 2002Jeep Wrangler has been looking forward to her first run....said she had trouble sleeping last night.

We start our caravan going up highway160 towards Durango....5 minutes on the road..so far ..so good .....What a gorgeous Colorado day, blue skies with lots of white puffy clouds...Oops..Something just hit our windshield...we are not even off road yet and we have a 50 cent size dent surrounded with circles in our glass ...Awesome we have Saturn on our windshield! As we are driving to our turn-off point a van passes us....The Glass Doctor (we fix windshields etc.)....Oh, Maxine No time for that now...

Arrive at the start of our off road excursion and begin the first leg of the run.. a twelve mile trek over rugged terrain .....It was at this time I realized I should have worn a sports bra. Slow going but what an experience. Finally we are at Silverton for one of our many potty stops (it had a real toilet seat)..I think Alpiners have a tiny bladder because we are so used to just walking through our coaches to use the facilities.

We then headed up the mountain to view some breathtaking scenery. Stopped at the Sunny Slope Mine (12,301 ft.) at 12:30 for our sack lunches. Enjoyed the fresh air and great company. Continued on to Aramas Forks (11,160 Ft), an old mining ghost town. We were able to walk amongst these really old buildings. Throughout the whole afternoon we were on some pretty steep and very narrow ledges (Bahh....Know how a mountain goat feels). Over Picayune Gulch through Hurricane Pass. I believe it was JR who then suggested Corkscrew Pass...no thank you.

Back in Silverton we say thanks to our great guides Dave and Don (and Dave's dog Dillon). I can check jeep run off my 'BUCKET LIST'...now where's the chiropractor.

The brave souls who went on the adventure...Bob & Helena Mazzocco, Bill & Patti Figge, Dick & Peggy Bouchard, Bob King & Dennis Porter, JR & Carmen Guinn,..... if I forgot you or added you I am blaming it on the altitude... oh, and of course my chauffeur Mike

P. S. For those of you who have worried about "Maxine".. She has had her facelift and looks and "feels" beautiful.

**FROM MICKI DARLING**

My husband, Joe Darling, and I (Micki Darling) spent the summer from May 1 to October 14 in Show Low, Arizona at White Mountain Vacation Village, at 6,700 ft. elevation, where there are sites for both RVs and park models. We leased an RV lot for our 40-foot Alpine motorhome for 5 months and are planning to return next year. The setting is beautiful; we are in the middle of the largest ponderosa pine forest in the USA. The people are friendly, and there are numerous activities and events sponsored by the Village, as well as great shopping in the town of Show Low within a mile.

Joe getting ready to go for a bike ride.

Our motorhome and RV lot.

Safe Travels,  
Micki

### SOME GREAT ELKS RECOMMENDATIONS FROM VIVIAN LAZARONY

Want to save costs on camping.....benefits of joining the  
Elks Lodge.

Recently we visited the Florence Elks Lodge #1858 in

Florence, OR.

Forty roomy sites are spread throughout a large RV park, four or five miles north of the town of Florence and the Elks lodge there. All sites have 30/50 amp electricity and water, Sixteen sites are long pull-throughs. All are suitable for big rigs, level, and with room for your slides, awnings, and tow or towed vehicle at your site. All sites have wooden picnic table. Rate: \$21

Redding Elks Lodge #1073

Redding Elks Lodge currently has 20 RV Sites, all with 20, 30 and 50 Amp hookups, water, a dump station, and basic cable included at all sites. This is a great stop for an overnight or two when traveling the I-5 corridor. \$20

**MARY LANGORD WANTED TO SHARE THIS SPECIAL SIGN WITH US!**

## SO CAL ALPINE 'CLASSIFIEDS'

These are details on the 2005 Alpine Coach. (manufacturer described it as 36FD2S) 36 foot front door with 2 slide-outs.) The coach was purchased new in Southern California (Orange County) in 2007. It has 27,000+ miles on it, We put on all new tires and batteries prior to our winter trip to California and Arizona. It has a Cummins 400 Diesel engine, an Onan 7500 generator, an Allison 6 speed Transmission, an engine braking system (jake break), an HWH Hydraulic system for auto leveling and slideouts. It has an inverter. There are two slide-outs, one for the galley and one for the bedroom. Color rear view back up camera screen on the dash.
